### CONCLUSION

The past year has been a trying one for all Town Officials.

The work in every department has shown a constant increase.

There have been a great many changes in the General Laws adding extra duties to all departments.

I wish at this time to thank the members of all departments for the splendid co-operation and assistance rendered me during the past year.

For further information regarding the Accountant's Report you are referred to the report of the State Audit which follows.

Respectfully submitted,

### GEORGE GIBNEY HARADEN,

Town Accountant.

### TREASURER'S REPORT

To the Citizens of the Town of Hamilton,

### GREETINGS:

In accordance with the provisions of Chapter 41, Section 35, of the General Laws, I submit herewith the annual report of the Treasury Department for the year ending December 31, 1934.

### REPORT OF AN AUDIT OF ACCOUNTS

THE COMMONWEALTH OF MASSACHUSETTS
DEPARTMENT OF CORPORATIONS AND TAXATION
DIVISION OF ACCOUNTS

STATE HOUSE, BOSTON

January 17, 1935

To the Board of Selectmen

Mr. John H. Perkins, Chairman Hamilton, Massachusetts

### Gentlemen:

I submit herewith my report of an audit of the accounts of the town of Hamilton for the fiscal year ending December 31, 1934, made in accordance with the provisions of Chapter 44 of the General Laws. This report is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL

Director of Accounts

TNW-MEF

### REPORT OF EXAMINER

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Hamilton for the fiscal year ending December 31, 1934, and submit the following report thereon.

The books and records in the town accountant's office were examined, the recorded receipts being compared with the treasurer's record of receipts and the expenditures being checked with the treasurer's record of payments and with the selectmen's warrants.

The ledger accounts were analyzed, the appropriations as recorded being compared with the town clerk's record of town meeting votes and with the amounts raised by the assessors. The commitments of taxes and assessments as entered on the ledger were compared with the assessors' warrants authorizing the collection of taxes.

A trial balance was drawn off, proving the ledger to be in balance and a balance sheet, showing the financial condition of the town on December 31, 1934, was prepared and is appended to this report.

As may be seen from the appended balance sheet, there is a revenue deficit for the year 1934 amounting to \$5,239.80, which should be provided for by the town in 1935. This deficit is due to the fact that the amount estimated by the assessors to be received from sources other than taxation and loans and used by

them as a deduction from the amount to be raised by taxation in 1934 exceeded the amount actually collected from these sources during 1934 by \$7,600. This deficit in the estimated receipts account was partly offset by unexpended appropriation balances of 1934, resulting in a net revenue deficit of \$5,239.80, as mentioned above.

The books and accounts in the town treasurer's office were also examined and checked. The receipts, as shown on the cash book, were analyzed and checked with the records of departmental payments to the treasurer and with other sources from which money was paid into the town treasury, while the recorded disbursements were checked with the treasury warrants and with the town accountant's books and records.

The cash balance on December 31, 1934, was verified by a reconciliation of statements furnished by the banks of deposit.

The payments on account of debt and interest were verified by a comparison with the amounts falling due and with the canceled bonds and coupons on file.

The savings bank books representing the investments of the several trust funds were examined and checked, the income and expenditures being verified and found to be as recorded.

Appended to this report is a table showing a reconciliation of the treasurer's cash, as well as summaries of the transactions and condition of the trust funds.

The records of the tax collector were also examined and checked in detail. The commitment lists were added and compared with the assessors' warrants, the collections as posted were checked with the cash book record of receipts, and the payments to the treasurer were verified. The recorded abatements were checked with the assessors' record of abatements granted and the outstanding taxes and assessments were listed and proved to the accountant's ledger.

Further verification of the outstanding accounts was made by

mailing notices to a large number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

Appended to this report are tables showing summaries of the tax, motor vehicle excise tax, and assessment accounts.

The financial records of the town clerk were examined, the receipts on account of dog and sporting licenses and the payments to the town treasurer and to the Division of Fisheries and Game being verified.

The record of receipts of the sealer of weights and measures were examined, the field book being checked with the cash book and the payments to the treasurer being verified.

The records of all other departments wherein money was collected for the town were examined and compared with the treasurer's and the accountant's books.

The surety bonds furnished by the several officials for the faithful performance of their duties were examined and found to be in proper form.

During the progress of the audit, co-operation was received from all town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE

Assistant Director of Accounts

HBD-MEF

Men	55
Women	55
	110

The total number of voters dropped from the voting list during the past year was 81.

The total number of voters eligible to vote in the Town of Hamilton, December 31, 1934, is as follows:

Men	615
Women	577
	1192

#### LICENSES

All money due the State and County for sporting and dog licenses has been turned over to the proper authorities. These accounts have been certified by the State Auditors and for further information you are referred to the report of the Division of Accounts which follows the Town Accountant's Report.

#### MEETINGS

On January 2, 1934, a special meeting was held to vote on the following questions:

Question 1. Shall licenses be granted in this town for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

The	result — Yes	125
	No	139
	Blanks	2
		266

Question 2. Shall licenses be granted in this town for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

The Annual Town Meeting was held March 13, 1934. At this meeting the sum of \$144,108.03 was appropriated to meet the expenses of the Town for the current year.

A Special State Election was held April 24, 1934, for the election of candidates of political parties for the following offices:

District Member of State Committee for each political party for the third Essex Senatorial District.

- 3 members of the Democratic Town Committee.
- 10 members of the Republican Town Committee.
  - 1 delegate to State Convention of the Democratic Party.
  - 1 delegate to State Convention of the Republican Party.

The polls were open from 4 o'clock in the afternoon until 8 o'clock in the evening.

Those elected were as follows:

Republican: State Committee, Bayard Tuckerman, Jr. Delegate to State Convention, Bayard Tuckerman, Jr. Republican Town Committee, George E. Smith, Edward A. DeWitt, Oliver Wolcott, Lester M. Whipple, Arthur C. Cummings, Bayard Tuckerman, Jr., George Gibney Haraden, Lawrence R. Stone, Sumner Pingree, William Bancroft.

The Democratic vote follows:

State Committee, James F. Connolly. Delegate to State Convention, Harold A. Daley. Town Committee, Harold A. Daley, John F. Counihan, Peter F. McNiff.

A Special Town Meeting was held on the twenty-fourth of July, 1934, to act on the following articles, viz.:

Article 1. To see if the Town will vote to appropriate the

sum of \$3,000.00 to provide work for the needy unemployed of the town, said sum to be taken from the Excess and Deficiency Fund, or take any action thereon, as petitioned for by the Board of Selectmen.

This motion was unanimously carried.

Article 2. To see if the Town will vote to appropriate an additional sum of \$7,500.00 for the Welfare Department, \$5,000.00 of said sum to be taken from Overlay Reserve, the remainder to be raised by the tax levy of the current year, or take any action thereon, as petitioned for by the Board of Public Welfare.

\* This motion was unanimously carried.

Article 3. To see if the Town will appropriate an additional sum of \$2,000.00 for the Health Department, said sum to be taken from the Excess and Deficiency Fund, or take any action thereon, as petitioned for by the Board of Health.

The motion was unanimously carried.

Article 4. To see if the Town will vote to appropriate an additional sum of money for the Highway Department, or take any action thereon, as petitioned for by the Surveyor of Highways.

\$7,000.00 was appropriated under this article for the Highway Department.

Article 5. To see if Town will appropriate an additional sum of money for Snow Removal, or take any action thereon, as petitioned for by the Surveyor of Highways.

\$1,200.00 was appropriated for Snow Removal under this article.

The State Primary was held on September 20th, 1934. The polls were open from 1 o'clock in the afternoon until 8 o'clock in the evening. The number of votes cast was as follows:

The \$5,000 appropriated under Article 2 from Overlay Reserve was subject to the approval of the Commissioner of Taxations and Corporations. Approval was denied and that is the reason for the Deficit in Revenue this year.

Republican	247
Democratic	48
Total	295

A Special Town Election was held on October 2, 1934, to elect a Selectman to fill the vacancy caused by the death of the Chairman of the Board of Selectmen, Jonathan Lamson. The polls were open from 5.45 in the morning until 1 o'clock in the afternoon. 853 votes were cast, with the following result:

John H. Perkins	440
William H. Woodason	221
William A. Brumby	101
Walfred B. Sellman	89
Blanks	2
Total	853

The State Election was held on November 6th, 1934. The polls were open from 12 o'clock noon until 8 o'clock in the evening. The total vote cast was 927, made up as follows:

Votes	by	Men	501
Votes	by	Women	426
Total			927

The above included 14 absentee ballots.

The past year has been an exceptionally busy one and I wish at this time to thank you all for your splendid co-operation and to express to you my grateful appreciation.

Respectfully submitted,

GEORGE GIBNEY HARADEN,

Town Clerk.

#### TO THE TAXPAYERS OF HAMILTON

A new period of tax history starting as of January 1, 1935, when all property must be valued for local taxation, offers us the opportunity of advising you that the cost of local government as expressed in the 1935 tax bill on real estate and tangible personal property valued as of January 1, 1935, will be due one

half on July 1 and one half on October 1, with the opportunity of partial payments. Tax bills are to be in your hands on or before June 14, 1935. Section 29, Chapter 59 of the General Laws, required that each person with taxable real estate or tangible personal property shall file with the assessors a list of their property on or before February 15, 1935. The 1935 tax bill will be the amount that each taxpayer is obligated to pay for the costs to run his local government from January 1 to December 31, 1935. It can be more intelligently and fairly determined if each taxpayer will file with the assessors as required by law a list of his taxable property, both real estate and tangible personal property as of January 1, 1935. The assessors in the absence of such list must estimate the best they can the value of such taxable estate.

Respectfully submitted,

GEORGE E. SAFFORD JESSE S. MANN ROBERT H. CHITTICK

Board of Assessors.

# REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Hamilton:

While the past year has shown some improvement in many lines of business, the effects as yet have not been far-reaching enough to produce any noticeable benefits to municipal governments. Expenditures for public welfare and unemployment relief have of necessity been very heavy. Federal relief has assisted us to a great extent in carrying this burden. Present indications are against the promise of any material reduction in these departments. The uncertainty of continued Federal assistance should suggest to the voter the wisdom of scrutinizing carefully any unnecessary expenditures.

The Town is fortunate this year in that we have been allotted by the Department of Public Works and County of Essex sums of \$10,000 and \$5,000, respectively, provided the Town votes the sum of \$5,000 additional for the construction of one-half of the remaining distance to be built on Highland Street. Your Board feels strongly that the Town should take advantage of the offer, as it is the most economical method in which we build permanent highway. The cost of maintenance of this road has been high. This project should afford considerable work for the unemployed during the summer months.

The Board recommends favorable action on the request of the Board of Fire Engineers for replacement of the Ford chemical. This piece of apparatus has been in constant use since 1916 and has served the Town well. It is not only obsolete, but would of necessity require costly repairs, out of proportion to its value to the Town.

In accordance with the vote of the last annual Town Meeting, considerable improvement has been made in the water system

in South Hamilton. The Town has acquired a piece of property from the Boston & Maine R. R. at a nominal sum, and a tank has been erected and modern pumping facilities have been installed on the property.

The Board feels that the voters, in providing sums of money for unemployment for the coming year, should place considerable emphasis on projects of permanent value to the Town. This will require larger appropriations for materials, but we believe in the long run it will prove a wiser policy for the Town to pursue.

During the past year the Town has lost the services of two faithful public officials. The Town mourns the passing of Jonathan Lamson, a member of the Board of Selectmen for the past twelve years, and George S. Mandell, who served the Town both as a member of the Unemployment Committee and also the New High School Building Committee. We who had the privilege of serving with them feel a loss that cannot be expressed within the scope of these brief lines.

Without the wholehearted assistance of the Unemployment Committee and the Federal Administrator, the problem of unemployment would have been immeasurably more difficult for the Board of Selectmen, and we take this opportunity of thanking them and all town officials for the co-operation they have extended to us during the past year.

The Board has endeavored to carry out the wishes of the citizens impartially and for the best interests of the Town. We are confident that the high standing that Hamilton has always enjoyed can be maintained provided that prudence and co-operation prevail at the annual Town Meeting.

Yours respectfully,

JOHN H. PERKINS ARTHUR C. CUMMINGS EDWARD A. DEWITT

# REPORT OF TRUSTEES OF PUBLIC LIBRARY

To the Citizens of Hamilton:

The Trustees of the Public Library herewith submit their report for the year 1934.

Due to extraordinary demands caused by the alteration at the main library, our appropriation during the year was not sufficient to purchase the books necessary to care for the circulation. We hope that for 1935 this will not be so. We have set up in our budget for the year approximately eight hundred dollars (\$800.00) for this item. The requirements for circulation at the two libraries necessarily means duplication in the purchase of books and in many cases obtaining duplicate copies of titles. This necessitates a larger budget requirement for these items. May we ask your patient indulgence until we shall have been able to supply the demand.

Alterations.

Your Trustees have from time to time during the past few years considered what alterations might be made to better care for the needs of citizens at the main library. We have realized that business conditions were such that it would not be wise to make any substantial changes at the present time from our regular appropriation.

The first meeting of the Trustees for 1934 was held the week following the Town Meeting, at which time the subject was again brought to our attention by one of the Selectmen, who suggested that the work be done in conjunction with the Unemployment Committee, the Trustees to furnish the materials and the Town to furnish the labor. Your Trustees voted to accept the offer

and work began. The procedure under the agreement was found to be a failure and the Trustees had to take over the project. We believe that the work has been worth while. For your information, approximately \$450.00 has been expended for this project, and the result, a Reading Room that is a credit to the memory of Gail Hamilton in whose honor the Library was named. We appreciate the words of commendation from the many citizens who enjoy the service of the library.

Special Lighting.

Two hundred dollars was appropriated at the Town Meeting in March for this purpose. Because of the alterations made at the Library the lighting arrangements were entirely changed. Instead of spending the two hundred dollars appropriated, we have a balance of ninety-one dollars.

The Trustees at this time desire to extend their sincere thanks and appreciation to Miss E. Louise Jones of the Division of Public Libraries, Massachusetts, and her able corp of assistants for their kind assistance in the reclassification and arrangement of books at both libraries during the past year.

Detailed statistics will be found in the report of the Librarian.

Respectfully submitted,

CHESTER H. KNOWLES BARBARA M. GAGE ARTHUR W. CHANDLER

#### LIBRARIAN'S REPORT

To the Trustees of the Public Library:

Herewith is presented the forty-second annual report.

The Main Library has occupied its quarters in the Town Hall for over forty-two years, with no improvements being made in all that time.

On March 18, 1934, the Library was closed for a complete renovation, to reopen on June 2nd. The shelves that filled the stack room were torn out and arranged around the walls, with only one low stack in the center. The counter in the delivery room was taken out, thus opening up a beautiful archway that had been hidden for so long a time. The Librarian's desk was moved to the delivery room and new shelves were installed. The interior walls were painted ivory and all shelves and woodwork white. New lights were installed. The effect is that of one long room. It is a pleasure to work in the rooms.

Despite the fact that we were closed for most two months, the book circulation was only 34 less than last year. There was a gain of 321 at the Branch Library. The circulation at the schools took a very decided drop.

Old and worn-out books were weeded out to the number of 1,454—at the Main Library 1,070, at the Branch Library 384.

We are adding to our reference section each year. We now have on our shelves, beside the Britannica purchases this year, Compton's Encyclopaedia for the elementary grades and the World Book for use by both Junior and Senior pupils.

There have been 113 new names added to our register.

We extend our thanks for the generous gifts of books and magazines that proved a great help to us.

The Main Library is open Wednesday and Saturday, the Branch Library Tuesday and Friday, 3 to 5, 7 to 9 P. M.

Respectfully submitted,

LYDIA L. HARADEN

Librarian.

### REPORT OF HAMILTON COMMITTEE ON UNEMPLOYMENT

To the Citizens of the Town of Hamilton:

The Town appropriated for the purposes of the Unemployment Committee \$3,000.00 on March 13th, and \$3,000.00 on July 24th. This amount with the balance of \$1,926.46 on January 1st made \$7,926.46 available. Of this amount \$4,490.50 was expended for wages, and \$3,183.06 for material, trucking and other expenses. The balance on December 31st for the needy unemployed was \$280.90.

We are greatly indebted to the administrators of the ERA and CWA for their great assistance to us. Through their cooperation our wages have been cut one-third as compared to 1933. It will be noticed our amount for material, trucking, etc., is larger than other years. This is on account of the fact that we are furnishing materials for the needy unemployed projects as well as the ERA and CWA projects.

Through the death of Mr. George S. Mandell the committee has lost a valued and faithful member. His efforts were untiring, and we have greatly missed his advice and services.

On account of the resignation of Mr. William A. Brumby, our chairman, July, 1934, it was necessary for our committee to be reorganized. The Selectmen appointed at that time Mr. Harold Daley, Mr. Bayard Tuckerman, Jr., and Mr. George Sprague. The committee then elected Mr. Daley as chairman and under his guidance we have been able to carry on the work.

We wish to thank all other departments and town officials for their hearty cooperation in helping us to carry out the projects and regular routine work. The projects carried on by the committee during the past year with their cost, are listed below, also the expenditures by months.

#### Respectfully,

HAROLD A. DALEY, Chairman HAROLD E. PORTER, Secretary BAYARD TUCKERMAN, JR. GEORGE H. SPRAGUE MARCIUS N. BABCOCK

## REPORT OF THE ERA ADMINISTRATOR

To the Citizens of Hamilton:

While the CWA and the ERA are under Federal supervision, they are something which is very important to all of the people of the town.

Last December when the CWA first began, the Town was carrying the entire burden of unemployment. The CWA, as you probably all know, was not a relief measure, it was designed to put men to work whether they actually needed relief or not, the underlying idea being to get money into circulation. Evidently by the spring of 1934 the government had changed their ideas as to the methods to be employed and the CWA was discontinued and replaced by the ERA which is wholly a relief measure.

During the greatest CWA activities here in Hamilton there were about 175 men employed on the various town and state projects. This number dwindled rapidly after the first of the year 1934, until we were allotted a quota of 38 men and that quota was in force at the time that CWA was transferred to ERA. At present there are 45 people working.

The total amount of Federal money expended in town, on town projects, from December 1, 1933, to December 31, 1934, was \$31,969.40.

The share that the Town had to contribute for the purchase of tools, trucking and materials was \$3,549.79.

In addition to this there was a substantial amount of money spent in town under the supervision of the State. We have no record of the actual amount, but it assisted materially in relieving the unemployment situation.

The government also distributed the following foodstuffs and fuel:

$140\frac{3}{4}$	tons coal	405	lbs. lard
42123/4	lbs. pork	694	lbs. milk wheato
177	doz. eggs	73	bags flour
340	pks. potatoes	1482	cans roast beef
110	lbs. sugar	9	cans vegetables
1684	lbs. butter	4665	lbs. cabbage
421/2	lbs. beans	1470	lbs. veal

The first town project that was started was graveling the high-way on Chebacco Road, Woodbury Street and Farms Road. This project started in December, 1933, and continued as a CWA project and then an ERA project until May 31, 1934. At this time the ERA policy was not to do any work of that nature, therefore, we had to discontinue this work. At this time Chebacco Road and Woodbury Street were graded and ready for the oil surface to be applied. Farms Road was left in a very dangerous condition and had to be completed at once by the Highway Department.

The next project to be started was under the ERA and was grading the Dorothy Winthrop Lot for a playground. This project started June 1, 1934, and furnished employment for men on the ERA until December 6, 1934. This playground is now graded and ready for seeding down and I hope that the Town will at the coming Annual Meeting appropriate the necessary money for fertilizer and seed to complete this playground.

The next project started under the ERA was a women's sewing project. This project started July 1, 1934, and is still in operation, furnishing work for an average of ten women. In conjunction with this project, there has been distributed in Hamilton, 2,253 articles of clothing with an approximate retail value of \$2,268.88.

I feel that this project has been one of the most beneficial projects we have had in town, as it not only furnished employment

for those in need, but it furnished all of the needy with a great many articles that they might not have been able to obtain otherwise.

At this time I wish to express my appreciation for the friendly and cooperative spirit to those who loaned sewing machines to this project and to the Community Service, who have so kindly permitted us to use a room at the Community House.

The next project started was a Water Hole on the Folsom estate on Bridge Street. This was not started until the latter part of September and shortly after we commenced work the fall rains set in and we were obliged to discontinue this work. Before discontinuing this project we had excavated sufficiently to provide a storage basin of about 20,000 gallons. This will prove a considerable advantage to the people in this vicinity as there was no storage basin there previously.

One of the principal difficulties that the ERA Administrators are confronted with is the difficulty of finding practical projects for unskilled workers during the winter months.

Among the various projects that would meet with the approval of the ERA authorities was the Eradication and Control of Insect Pests. This is one branch of work that most cities and towns have neglected for the last few years, so feeling that this would be a benefit to the town and was also work that could be carried on during the winter months, I presented to the central office a project for this class of work and it was approved by them. This work is proceeding at the present time and during the present year our town should see a very large decrease in the gypsy moth and tent caterpillars over the preceding year.

The next project under the ERA was cutting back the corner of the embankment on the left-hand side of the Miles River Road. This has always been a very bad corner for the automobiles, as the bank came so close to the traveled way that it obstructed the motorist's vision until they were within a very few feet of the

corner. The material that was excavated was used to widen the road at various places and I feel that this project has been of great value to those who drive on the Miles River Road.

Below we are submitting a detailed report on the cost of these various projects to show the share born by the CWA, ERA and the Town.

#### Graveling and Grading Chebacco Road, Miles River Road and Farms Road

There was 10,671 yards of gravel placed on these roads. This does not include gravel used by the Highway Department on Farms Road.

Wages paid from Federal funds Trucking paid from Federal funds	\$17,832 50 3,580 50

#### Removing Dangerous Corner on Miles River Road

On this project we removed 1,459 yards and widened the road on the bend, using 129 yards of gravel.

on the bond, doing int juras of graver.		
Wages paid from Federal funds	\$1,717	00
Materials paid by Town	130	41
Trucking paid by Town	235	19
Total Federal and Town funds	\$2,082	60

Of this amount, on the Miles River Road \$782.00 of Federal funds and \$186.61 Town funds was spent in the fiscal year of 1935. We have included this, so that we can give a full report of this completed project.

This amount of \$968.61 is not included in the total amount of Federal grant from December 1, 1933, to December 31, 1934.

Extension of the Fire Main upon which we are now working comes wholly in the year 1935, so I shall not submit a detailed account at this time. This is another type of work that can be carried on during the winter months, as the rapid progress made so far proves, and it has the added advantage of being a permanent improvement to the Town.

I submit this report to the citizens of Hamilton in an endeavor to furnish them with the information to which I think they are entitled and also I wish to thank the officials of the various departments for the splendid cooperation that I have received.

Respectfully submitted,

WILLIAM W. BANCROFT,

ERA Administrator.

### REPORT OF THE BOARD OF HEALTH

To the Citizens of the Town of Hamilton:

#### GREETINGS:

The Board of Health submits the following report for the year ending December 31, 1934.

#### Garbage and Rubbish Contracts.

At the Annual Town Meeting held in March it was voted to increase the routes of the Garbage and Rubbish Collection to take in Hamilton Center. This caused an increase in these contracts as follows:

	1934	£	193	33	Increase
Garbage	 \$1,135	00	\$690	00	\$445 00
Rubbish	 840	00	595	00	245 00

Total Increase \$690 00

At that time \$2,200.00 was appropriated for this Department. Due to the above increase in the Garbage and Rubbish Contracts and to the unanticipated cost of contagious diseases this amount was found to be insufficient to carry through the year. Consequently at a Special Town Meeting held July 24, 1934, an additional \$2,000.00 was appropriated, making a total appropriation of \$4,200.00.

The cost of the department is outlined below:

ziro cost or orto dopar	ULLIULIU IN OUR	2111001 0010 11 0	
March appropriation	\$2,200 00	Spent	\$4,008 41
Special appropriation	2,000 00	) Balance	191 5 <b>9</b>
	\$4,200 00	)	\$4,200 00

Of the \$4,008.41 spent during 1934 the Town will receive back \$858.92 from other municipalities for aid rendered people residing in Hamilton who have a settlement elsewhere. This will leave a net cost to the Town of \$3,149.49.

#### Contagious Disease Report.

The number of contagious diseases reported during the year were 54, and are as follows:

Diphtheria	1
Mumps	1
Whooping Cough	2
Dog Bite	2
Chicken Pox	2
German Measles	2
Measles	5
Tuberculosis (all forms)	7
Scarlet Fever	32
	54

Respectfully submitted,

ARTHUR C. CUMMINGS EDWARD A. DEWITT JOHN H. PERKINS

## REPORT OF THE CEMETERY COMMISSIONERS

To the Citizens of the Town of Hamilton: Greetings.

The Cemetery Commissioners submit herewith their report for the year ending December 31, 1934.

We wish to acknowledge the gift of a very beautiful bird-bath which was given to the Cemetery Department by Mrs. Annie Gibney. We, the Commissioners, thank Mrs. Gibney for her interest and generosity in helping to beautify the Hamilton Cemetery. We also take this opportunity to thank Mr. F. C. Moynihan and the Highway Department for the task of keeping the avenues cleared of snow. This is a real service and we appreciate his co-operation.

The water system which had proved inadequate to supply the entire Cemetery has been replaced with new equipment. A larger pump has been installed and another well connected, thus assuring sufficient water for all parts of the Cemetery. The pump house has been moved to a less conspicuous location and the old site can now be graded in keeping with the rest of the grounds, making a more attractive entrance to the newer lots.

The main avenue has again been oiled and is now in such good condition that it should last for years. We hope to grade and oil some of the avenues each year so that eventually the entire Cemetery will be open the year round. At the present time it is necessary to close certain avenues in the spring of the year.

The Unemployment Committee has co-operated greatly in furnishing labor to build new avenues and lots. The construction of

these lots will in time prove very profitable to the town. We wish to thank the Unemployment Committee and all others who have in any way helped us in the past year.

Respectfully submitted,

LEWIS B. NORTON RAYMOND A. WHIPPLE LAWRENCE E. ANDERSON

#### REPORT OF FIRE DEPARTMENT

Hamilton, Mass., Jan. 1, 1935.

To the Honorable Board of Selectmen:

Gentlemen: The Engineers of the Fire Department herewith submit their report for the year ending December 31, 1934.

The Department has responded to 53 alarms as follows: 18 stills, 29 bells, 1 to Wenham, 1 to Newburyport, 1 to Essex, and 3 inhalator calls. Total amount of hose laid: 2½-inch 15,150 feet, 1½-inch 2,000 feet, ¾-inch 2,475 feet; 837 gallons of chemical and 1 gallon C.T. were used.

A heating unit has been installed for the apparatus room to replace heat when the doors are opened in very cold weather.

Many fires during the past year have been expensive to extinguish, as there have been many buildings involved, among them the Hamilton Block, which necessitated the calling of 6 towns and 1 city for assistance.

The Ford chemical was purchased in 1916 and needs many expensive repairs, also the chemical solution used causes more damage than it helps to put out fires to interior furnishings, such as carpets, rugs, clothing, curtains, and overstuffed furniture. We recommend this year the town replace this apparatus with a modern one with a booster tank using water and pump.

The ERA and the unemployed have cleaned the brooks and water holes and started two large water basins in the eastern part of the town which we hope will be completed this year.

## REPORT OF THE SURVEYOR OF HIGHWAYS

To the Citizens of Hamilton:

The following report of the Highway Department for the year ending December 31, 1934, is respectfully submitted.

Due to the economic conditions of the past three years we were compelled to discontinue the construction of permanent roads, with the result that today many of our streets in the outlying sections of our town are in very poor condition.

From present indications it appears that the Federal and State governments are going to resume construction of permanent roads, and will assume a major portion of the expense.

This year the State and County have allotted the Town the sum of \$15,000 for new construction on Highland Street, providing the Town votes the balance of \$5,000. I earnestly recommend the favorable passage of this Article.

In addition, I also recommend that any road projects contemplated by the Town should be of a permanent nature. Our cost of maintenance of gravel roads proves conclusively that permanent roads are the most economical.

Again I am glad to acknowledge the hearty co-operation of the Town officials and all departments.

In closing I wish to take this opportunity to thank all the citizens for their generous support.

FRANCIS C. MOYNIHAN,

Surveyor of Highways.

JONATHAN LAMSON

#### In Memoriam

#### JONATHAN LAMSON

1884 - 1934

For Twelve Years a Selectman, for several years Chairman of the Board

JONATHAN LAMSON was the fourth of his family in direct succession to hold the office of Selectman of Hamilton, their combined service dating back to 1793, when the Town first became self-governing. In that year his great-grandfather, Jonathan, was instrumental, with the Rev. Manasseh Cutler, in separating the Hamlet from the Town of Ipswich; he became a member of the first Board of Selectmen of Hamilton, an office for which he was well fitted by previous experience as Selectman of Ipswich.

Exactly three hundred years before our Jonathan's death—only fourteen years after the landing of the Mayflower—his ancestor William settled in Ipswich; thirty-four years later the family moved to the western part of Hamilton, and took up land that has ever since remained in its possession. In three centuries of continuous living in one community, the influence of a family is inestimable. A certain quiet strength and far-sighted patience is handed on from generation to generation. There was a durability of quality in Mr. Lamson, which only comes from long-continued and intimate connection with a locality; it cannot be acquired in one generation or in three. He was of the ninth.

There is no need to speak of the benefits of his personal influence in Town affairs. "SI MONUMENTUM REQUIRIS, CIRCUM-SPICE"—which may be freely translated, "If you want to know what he did, just look around." With his death on September 2nd, after a long illness, not only did the Town lose a valuable public official and servant, but New England lost a member of one of the families which have profoundly influenced her development.

GEORGE SNELL MANDELL

#### In Memoriam

#### GEORGE SNELL MANDELL

George Snell Mandell, who died August 11, 1934, was born in Boston, and upon graduating from the Roxbury Latin School entered Harvard College and received his degree with the class of '89. In college he was active in athletics and a member of many of the most exclusive and prominent clubs and fraternities.

Upon finishing his college course, he became associated with the Boston Evening Transcript, with which three generations of his family had been identified. To thoroughly fit himself for his chosen life work, he started at the lowest rung in the ladder in the mechanical and news departments and was chairman of the board of directors at the time of his death.

The athletic and sportsmanlike spirit of youth remained ever dominant in him during later life, his particular hobbies being horses and polo. He was for years a prominent member of the Myopia Club, being Master of Hounds. He was also a member of the Union and Harvard Clubs of Boston, among many others. Several years ago he was created a Chevalier of the French Legion of Honor.

During his many years of residence in Hamilton, he had been one of its most prominent citizens, untiring in interest, self-effacing in the willing performance of the many civic duties assigned him. His advice regarding matters of vital interest relating to the welfare of the town and its citizens was often sought and unstintingly given, ever with utmost fairness and sound judgment.

The Community House, on Main Street, erected by Mrs. Man-

dell and himself in memory of their son, Lt. Samuel P. Mandell, who gave his life as an aviator in the World War, supplied an educational and recreational center for the townspeople that they would never otherwise have realized. To the end, his interest never flagged in his efforts to have it fulfill his and his family's ideals.

He took a prominent part in the reception by the town in 1919 to the returned soldiers of the World War and in his characteristic but unassuming way did much to insure its success.

During the past two years of his life he was a valued member of the Town Unemployment Committee, and in spite of his failing health gave much of his strength and time in the working out of the serious problems confronting the town.

He was a member of the Building Committee in charge of the erection of the new High School, and with a fund of knowledge of architectural beauty and decorative art gained from study and travel, he devoted a large part of his time to the choice of the types of school furniture, special furnishings, blending and artistic variation of the tintings and colorings of the walls of the various rooms and halls. All of these suggestions were welcomed by both the architect and the committee and helped largely to beautify the building.

A gentleman, a pure sportsman, a generous and sympathetic friend, a valued and patriotic citizen, may we not say of him that

"To live in the hearts of those we leave behind is not to die."

# REPORT OF THE BOARD OF PUBLIC WELFARE

To the Citizens of the Town of Hamilton:

In keeping with all other municipalities our expenditures for Public Welfare have shown an increase.

Part of the increase is due to the fact that if a family in any town or city is receiving aid and they have a settlement in the Town of Hamilton, this town is responsible for Welfare Aid given them. We have many of these cases.

Our relief is split up into several parts which are as follows:

Departments of Public Welfare Beverly City Home Old Age Assistance State Cases In-town Welfare Out-of-town Welfare Mothers' Aid State School for Children

The following is the record of the Welfare Disbursements for the year 1934:

Welfare Appropriation	\$10,000	00		
Additional Appropriation	7,500	00		
Total Appropriations	\$17,500	00		
Unexpended Balance	338	76		
			\$17,161	24
Reimbursements	\$5,567	97		
Accounts Receivable	3,558	81		
Actual cost to Town	8,034	46		
			\$17,161	24

All relief applicants who are able to work are assigned to the ERA or to the Selectmen Unemployment relief work.

We are asking for \$15,500.00 this year, which is \$2,000.00 less than last year.

Respectfully submitted,

EDWARD A. DEWITT ARTHUR C. CUMMINGS JOHN H. PERKINS

# WARRANT FOR THE ANNUAL TOWN MEETING

Essex, ss. To either of the Constables of the Town of Hamilton, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of the Town of Hamilton, qualified to vote in elections and Town affairs to meet in the Town Hall in said Town on Tuesday the twelfth day of March, nineteen hundred and thirty-five (March 12, 1935) at fifteen minutes before six in the forenoon (5:45 o'clock A. M.), then and there to act on the following articles, viz:

ARTICLE 1. To bring in your ballots for:

Moderator for one year

Town Clerk for one year

Three Selectmen for one year

Three Overseers of Public Welfare for one year

Treasurer for one year

Tax Collector for one year

One Surveyor of Highways for one year

Tree Warden for one year

Three Constables for one year

One Assessor for three years

One Member of the School Committee for three years

One Library Trustee for three years

One Cemetery Commissioner for three years

One Park Commissioner for three years

One Park Commissioner for two years

One Water Commissioner for three years

One Water Commissioner for two years

One Water Commissioner for one year.

The Polls will open at fifteen minutes before six in the morning and may be closed at one o'clock in the afternoon (1 o'clock P. M.). After the close of the Polls the remaining articles of the warrant shall be acted upon.

ARTICLE 2. To choose and appoint all other Town Officers in such manner as the Town shall determine.

ARTICLE 3. To hear the report of the Town Officers and of the Finance and Advisory Committee and all other committees and take any action thereon.

ARTICLE 4. To raise and appropriate money for Schools, Highways and all town expenses and determine the manner of expending same.

ARTICLE 5. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000.00) to be expended for work to be done on the highways, the cemetery, the parks or for fire protection and for materials and implements, to provide work for the needy unemployed of the Town, or take any action thereon.

ARTICLE 6. To see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000.00) to purchase a piece of fire apparatus to take the place of the Model T Ford Chemical now in use by the Fire Department or take any action thereon.

ARTICLE 7. To see if the Town will vote to continue the building of permanent highway on Highland Street, said highway to be built jointly by State, County and Town and to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) for the Town's share of the cost of above work.

ARTICLE 8. To see if the Town will vote to appropriate the sum of \$5,239.80 from the Overlay Reserve Fund to cover the following overdraft:

Revenue Deficit 1934

\$5,239.80

ARTICLE 9. To see if the Town will vote to recommend that the Board of Health make provision for the collection of garbage and rubbish in that part of the Town beginning at Miles River Station on Bridge Street and continuing to Essex Street, and along Essex Street to that section known as Hamilton Four Corners (this is to also include School Street, Knowlton Street, Prospect Street, and Appleton Avenue) or take any action thereon, as petitioned for by Nellie C. Knowlton and others.

ARTICLE 10. To see if the Town will vote to raise and appropriate a sum of money to oil the surface of Linden Street Extension so-called beginning at Union Street and continuing along the road as far as Lois Street, or take any action thereon as petitioned for by LeRoy C. Thayer and others.

ARTICLE 11. To see if the Town will vote to regrade, drain and oil Lincoln Avenue and to raise and appropriate a sum of money for same, work to be done under the supervision of the Surveyor of Highways as petitioned for by Malcolm P. Brown and others.

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of Eighteen Hundred Dollars (\$1,800.00) to build Appleton Avenue as per plan on file in the Town Clerk's office. This work is to be done under the supervision of the Surveyor of Highways as petitioned for by Edward H. Sargeant and others.

ARTICLE 13. To see if the Town will vote to complete the curbstone and cement sidewalk on the southwestern side of Railroad Avenue running to Willow Street and to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) for the same as petitioned for by Edward P. Gibney and others.

ARTICLE 14. To see if the Town will vote to oil and drain Washington Avenue and to raise and appropriate a sum of money for same or take any action thereon, as petitioned for by Charles R. Grant and others.

ARTICLE 15. To see if the Town will vote to accept Union Avenue so-called in Hamilton Park as laid out by the Selectmen as per plan on file at the Town Clerk's office or take any action thereon as petitioned for by Clarence H. Fisher and others.

ARTICLE 16. To see what action the Town will take in regard to changing Chapter I of the Town's By-Laws for the purpose of changing the time and manner of its annual Town Meeting to the end that the business part of the meeting will be held at least one week prior to the election of officers as petitioned for by Everett F. Haley and others.

ARTICLE 17. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1935, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

ARTICLE 18. To see if the Town will authorize the Collector to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use agreeable to Chapter 41, Section 37, of the General Laws.

ARTICLE 19. To act on any other matter that may legally come before said meeting.

And you are directed to serve this warrant by posting attested copies thereof, one at the Town Hall, and one at each of the three post offices in said Town, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk, at the time and place of holding said meeting.

Given under our hands this 18th day of February, A. D. 1935.

JOHN H. PERKINS

EDWARD A. DEWITT

ARTHUR C. CUMMINGS

Selectmen of Hamilton.

# TOWN OF HAMILTON REPORT

OF THE

Finance and Advisory Committee

ON THE

Appropriations and Articles

FOR THE

### ANNUAL TOWN MEETING

MARCH 12, 1935

SALEM, MASSACHUSETTS
NEWCOMB & GAUSS CO., PRINTERS
1935

# RECOMMENDATIONS OF THE FINANCE AND ADVISORY COMMITTEE

To the Citizens of Hamilton:

In making our report for 1935 we feel that the unemployment situation is the outstanding problem for 1935.

Despite the assistance of the Federal Government, the Town taxes have increased, because the Town has had to carry a much heavier burden of unemployment.

This year we feel that the policy of the Town should not change as to the amount of labor employed, but, that this labor should be employed on work giving permanent benefits to the Town.

Following are the recommended appropriations for 1935:

#### APPROPRIATIONS

APPROPRIATIONS								
A	$Appropriation \ Expended$					Rec	commend	ed

# **ANNUAL REPORT**

OF THE

# SCHOOL COMMITTEE

OF THE

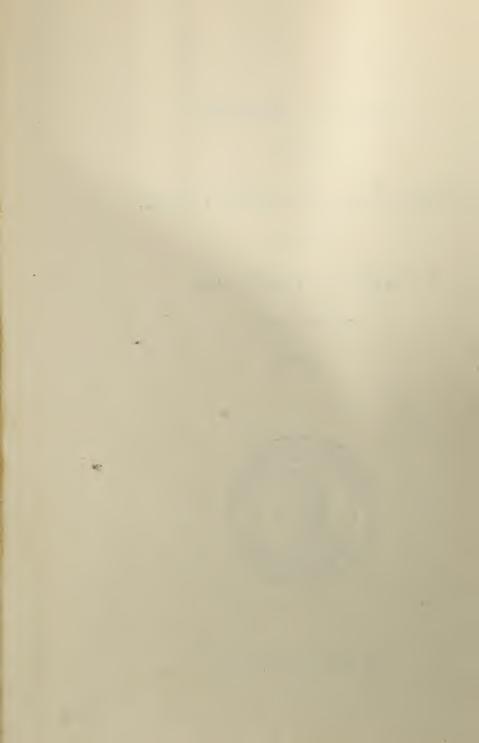

# TOWN OF HAMILTON

FOR THE YEAR

1934

SALEM, MASSACHUSETTS NEWCOMB & GAUSS CO., PRINTERS 1935

# REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Hamilton:

The School Committee respectfully submits its report for the operation of the school system during 1934.

#### EDUCATIONAL

The primary aim of education is to develop citizens who will be assets to the community in which they live as well as to themselves. If this can be accomplished money spent on education is an excellent investment. The school committee has endeavored to insure this end, through cooperation of all units throughout the school system; addition of a new course of study, encouragement in athletics, and insistence on discipline. The committee has also purchased new equipment. The committee welcomes constructive criticism and hopes that all citizens of the town will cooperate with the school by offering such criticisms; and that parents will cooperate by continued training of the children at home. No school system is capable of producing the best type of citizen if the school curriculum is not supplemented at home by the parents.

The athletic program seems to have progressed smoothly and has not gained a position of undue prominence. The spirit on the football field, especially, has shown a marked improvement over last year. The committee hopes that the encouragement of athletics at school will lead to individual well-being and the desire for healthful recreation in the years after school.

The committee has procured new equipment for the domestic science class, having purchased six of the best cooking cabinets.

Unfortunately the activities of the East School had to be curtailed, as the committee felt that owing to the small number of students in attendance a more valuable arrangement would be effected by the transfer of one teacher and some pupils to the South School. Next year, however, the committee expects a large first-year class warranting a probable return to the old system.

#### FINANCIAL

In 1934 the School Committee received from the town \$41,808.60 plus dog tax to run its schools. At the end of the year there was a credit balance of \$350.17 which was returned to the town. In addition the town was reimbursed by the State \$3,690.00, which resulted in the net cost of \$37,885.30 to run the schools during 1934.

In 1935 the school committee is asking for \$41,956.93. This is approximately the same as 1934 but the committee hopes to accomplish more than it did last year.

Substantial savings have been effected in the salaries of new teachers but this saving has been offset by allowance for the probable rise in prices of supplies necessary to the school and increased cost of transportation.

The committee is asking for a special appropriation of \$500. for athletics so that the teams may be well-equipped and transported to their various engagements. Good equipment will lead to increased school spirit and protection of the player. Transportation in one bus will insure safe and punctual delivery to the place of the contest and return home. The committee feels very strongly that athletics at the school are in a position to warrant this outlay.

If the following budget is voted, the committee feels that it can safely say that the value of the schools in Hamilton will continue to increase.

# BUDGET

	1935	1934

The committee wishes at this time to express their appreciation to Mr. Bancroft, our Federal Administrator, for his cordial cooperation in the work on the High School grounds.

This area was graded and levelled (at no cost to the town) which not only beautified the school grounds, but made possible the development of an athletic field.

The School Committee wishes to thank the faculty, parents, pupils, and townspeople for their cooperation during the year. May any ideas or grievances be unhesitatingly brought to the notice of the committee during the ensuing year.

## JAMES H. CONWAY,

Chairman.

Secretary.

ROBERT ROBERTSON, JR.

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee, Hamilton, Massachusetts.

#### Gentlemen:

I have the honor to present herewith my twelfth annual report concerning the schools.

# ENROLLMENT—SEPTEMBER, 1934

Grade	South	Adelaide Dodge Walsh	High
1	37		
2	27	2	
3	35	3	
4	34	4	
5	27	5

10			37
11			28
12			34
Post Gradu	ates		6
Total	196	17	211
Grade Tota	al		424

#### TEACHERS

#### South School.

No changes in the regular teaching force have been made at the school during the year. Miss Thelma Bailey was added to the teaching force on December 1st to coach pupils, about twelve in number, in need of individual instruction.

Adelaide Dodge Walsh School.

Miss Katherine Malone resigned as teacher of grades one, two and three and was succeeded by Miss Anna Barron when schools opened in September.

Miss Wilhelmenia Ready, teacher of grades four, five and six, was transferred to the Junior-Senior High School on December 1st.

As the enrollment in the school was but twelve at this time it seemed advisable to place all the pupils under the instruction of one teacher, Miss Anna Barron.

High School.

Mr. George Bowden succeeded Mr. Nelson Progin as Manual Training and Physical Training Instructor; Mr. Bryce B. Walton succeeded Mr. Forrest Branch as teacher-coach; and Miss Madeline Featherstone succeeded Miss Ruth Barker as teacher of Domestic Science and Girls' Physical Training.

The several changes made it possible to realize a financial saving for the town of approximately \$300. as well as to give employment to several local teachers.

#### UNIT WORK

In grades one to four a plan for Unit Work has been developed. Around one unit or topic the larger part of the work in the grade is built for a week or month as necessary. Under this plan the teacher so organizes the work that pupil interest is aroused because of the fact that each pupil contributes something toward building up the unit of work.

Meetings are held once in two months for all teachers of grades one to four in this Union at which time demonstrations of the work are given by the teachers of the town where the meeting is held.

A demonstration will be given by the teachers of Hamilton at the April meeting.

#### BUILDING INSPECTION

"The Self-Inspection Blank for Schools" prepared by the Board of Fire Underwriters was recently used for recording an inspection of the buildings by the principals, janitor and myself.

Questions on the blank were so worded that a negative reply indicated an unsatisfactory condition.

The results of inspections at the three buildings are:—

South School.

Two negative replies:— One pertaining to panic locks for exit doors; one, exceeding size of fuses recommended (15 amperes).

Adelaide Dodge Walsh School.

Three negative replies:— one pertaining to panic locks for exit doors; one, exceeding size of fuses recommended (15 amperes); one regarding provision for sounding fire alarm from second floor.

High School.

Two negative replies:— one relating to metal receptacle with self-closing cover; one, exceeding size of fuses recommended (15 amperes); one relating to provision of fire-resisting blanket for domestic science room.

The small number of negative replies is exceedingly favorable demonstrating that the necessary precautions are generally being taken to safeguard our children from fire hazards. The necessary changes to make all three buildings 100% free of fire hazards will not exceed \$100. and would seem to be a wise expenditure of money.

#### NURSERY SCHOOL

It has not been possible to maintain the Nursery School since June due to there being no local person qualifying for the work. Whenever a local applicant qualifies it is anticipated that the school will be operated for the benefit of all children of required ages. At the present time Mrs. Samuel Tyack and Miss Katherine Duffy are conducting a private Nursery School in the South Building.

#### DENTAL CLINIC

A large number of pupils have availed themselves of the opportunity to have their teeth cared for through the dental clinic at a charge of sixty cents per operation. A thorough dental examination is given all children. They may then have the necessary work done through the clinic or by their family dentist.

The school department provides a room and some dental equipment, but otherwise the dentist in charge furnishes all necessary materials.

#### SUPPLEMENTARY REPORTS

Your attention is called to the reports of Mr. Payne and Miss Stobbart, as these two reports most adequately set forth the work as done by both in their respective departments.

### COURSE OF STUDY

The State Department of Education has provided the following courses of study prepared by the special committee on Curriculum Revision:—

Course of Study in English for Junior High Schools. Course of Study in Physical Education.

Grades 1-3 Grades 4-6 Manual for Teaching:— The Effects of Alcohol, Stimulants and Narcotics Upon the Human Body.

By the adoption of courses published by the Department, it is possible to have the most recent approved standards as guides in organizing the work of the schools.

#### HOBBIES

During these times as never before educators are asked to help direct the pupils' use of leisure time. Pupils are surrounded with many worth-while things to do, but somehow do not seem to take advantage of the many opportunities at hand. They neglect these opportunities largely because of lack of guidance or appreciation of the satisfaction to be derived from doing something worth while. They often have a feeling that doing something which they are not required to do amounts to but little in the estimation of adults.

That our pupils may make better use of their leisure time and have the satisfaction of doing something in their own way which may be recognized by adults as commendable and from which much pleasure is derived, pupils are now being encouraged to have a hobby.

Teachers will encourage pupils to have a hobby with the hope that the home will assist by making it possible for the hobby to be carried out. If reasonable results are achieved, an exhibit of hobbies will be held at the school during the early part of the next school year.

#### COURSE ON HEALTH EDUCATION

We were fortunate in securing the services of Dr. Fredrica Moore, Consultant in School Hygiene, of the State Department of Public Health to give six lectures for the teachers of this Union.

Topics discussed by Dr. Moore were:-

- 1. General Health Problems.
- 2. The Teacher and Her Health.
- 3. Teacher's Relations to Control of Communicable Diseases.
- 4. Correlation of Defects and Retardation in Grades 1-8.
- 5. How to Make Health-Teaching Interesting.
- 6. Selection of Materials for Health Teaching.

From the interesting lectures teachers gained much useful information to take back to their classrooms for the general improvement of our health curriculum.

#### STANDARD TESTS

A standard test in reading recently given all pupils in grades three to six showed that seventy-seven per cent of all pupils examined were up to the standard or above for the grade in which enrolled. In all grades several pupils received a score considerably above that of their grade.

During the remainder of the year special emphasis will be given the teaching of reading to those pupils whose reading standard for the grade in which enrolled is below the median score.

### CONCLUSION

I take this opportunity to express my appreciation for the splendid service, and cooperation rendered by all who have in any way made it possible to maintain the standard of our schools as a whole and to make improvements in the several instances.

Respectfully submitted,

J. D. WHITTIER,

Superintendent of Schools.

February 6, 1935.

# REPORT OF HIGH SCHOOL PRINCIPAL

Mr. John D. Whittier, Hamilton, Mass.

Dear Sir:

I present herewith my third annual report as Principal of the Junior-Senior High School for the year 1934.

School opened last September with the pupils facing three important changes. These were: first, changes in faculty; second, a six-period day instead of seven; and third, a general course added to the curriculum. The new teachers are fitting in well with the school program. Miss Madeline Featherstone is in charge of the domestic art courses and physical education for the girls. Mr. George Bowden teaches the manual arts and physical training courses to the boys. Mr. Bryce Walton teaches the social sciences in the Senior High School and coaches the boys in all competitive sports, as well as being director of physical education. In October Miss Wilhelmenia Ready took over the duties of Miss Evelin Hagglund as the Junior High School English teacher.

The six-period day schedule is one which is widely used. This schedule excels the seven-period day in that it allows the subject teacher more opportunity to actually teach her subject. The periods are a few minutes longer, thus allowing the teacher time to assist her pupils in obtaining a good start in the preparation of their lessons for the next day. I believe that both pupils and teachers find this arrangement more favorable.

A general course was added to the curriculum. This course was needed in order to allow pupils who were not fitted to pursue the college course because of lack of adaptability to successfully pursue the advanced subjects of mathematics, languages, and sciences; or the commercial course because of a lack of need or desire for the advanced subjects of stenography, typewriting and bookkeeping, to select any subject offered during the year which would be of most benefit to the individual who desired a general high

school education. The requirements for graduation under the general course are to satisfactorily complete three years of English, one year of U. S. History, and three years of physical education.

A new subject called "Everyday Problems of American Democracy" was introduced for the first time this year. This subject now completes our social science program. It means that there now is offered a related subject in the social science field to the pupils each year. This subject is a very practical one and is recommended by the State Department.

The student council is functioning this year in a commendable manner. This body controls student activities in the Senior High School. There is a similar group of young people in the Junior High School which is known as the Student Senate. This is the first year of the Senate and it is conducting itself and its business very successfully. The Senate was organized in order that the Junior High School group would feel more like an organized group, independent of the Senior High School and capable of conducting its own activities. The Senate is to the Junior High School what the Council is to the Senior High School.

I would like to explain a few of the school regulations so that parents may have a better understanding of them.

Pupils are expected to be present each session of school. When pupils are absent they must bring a note from a parent or guardian on their return to school explaining the reason for the absence. A pupil is penalized if he does not bring this note on his second return from home. Absences are classified either as excused or unexcused. Excused absences permit pupils full credit in their make-up work. These are allowed for unavoidable absences due to sickness, death, or some emergency. Unexcused absences result in the pupil receiving a zero in the subjects missed. There are too many pupils absent for minor reasons. These excuses are not accepted and are usually offered by the pupil who can least afford the low mark and the loss of class instruction.

Such excuses as 'doing an errand,' 'didn't get up in time,' or 'missed the bus' are classified as unexcused. It is hoped that parents will do all within their power to help prevent unnecessary absences from school. It is the one biggest factor in causing low marks and failure.

Individual pupil report cards are sent home every ten weeks. In addition to these a notice is sent home to those who are failing in any subject, at the end of the five-week period following the sending of the report card. These notices are called deficiency slips and are made out by the subject teacher. They inform the parent of the subject with which the child is having difficulty and give the opinion of the teacher as to the probable cause. Both report cards and deficiency slips require the signature of a parent and a prompt return to school.

Each pupil is assigned a locker. Each locker has two sections. One section is for books and the other for clothing. A key is rented each pupil for the nominal rate of twenty-five cents for the year. When the key is returned the money is refunded. If a key is lost and then later found by someone else, it is returned to the owner without charge. It is very essential that a pupil keep his locker locked at all times. The pupil is held responsible for all school supplies loaned him and the safety of these supplies calls for a locked locker. This is especially important now that the school building is frequently used by the public. Parents could aid their children in this respect by helping to remind them to take their locker key to school with them.

The school has a regulation gym suit which all pupils are required to furnish personally. These suits are sold to the pupils at the lowest possible cost. It is very important that each piece of clothing be marked so that identification may be made if necessary. If these suits are kept at school in the locker they will always be available when needed. It is necessary for a pupil to have a suit in order to appear for a gym class.

The principal social event of the year might possibly be the Junior Prom. It was acclaimed by the many who attended as a gala event. There have been minor dances conducted during the spring and fall months, but these could not be classified as financial successes. There are so many organizations and individuals in town trying to earn money in similar ways that the school has to take its share of the reduced profits. The Community Stunt Nite which I inaugurated last year was very successful and will be tried again this year. Last year nine local organizations participated and it is hoped that even more will cooperate this year.

Graduation exercises were held during the evening of June 22. They were very effective, the central theme being 'History of Education Locally and in the State.' Appropriate musical selections were rendered as a part of the program. The gift of the class to the school was a large banner with the word "Hamilton" on it. This banner is now suspended over the stage in the auditorium. The names of the graduates and those on the honor roll may be found in the Superintendent's Report.

The sports for boys this year are under the able guidance of Mr. Bryce Walton, a graduate of Purdue University. He is well liked by the boys and gets considerable work from them in a credible manner. Miss Madeline Featherstone is doing a good piece of coaching with the girls' basketball team.

There is great need for financial assistance in maintaining competitive sports. Gate receipts amount to only enough to pay for officials. This leaves the cost of equipment and transportation to be met by profits from dances and other money-making schemes. These, at present, are not profitable. I sincerely hope that transportation may be provided our teams this coming year so that all participants representing the school may ride together and be supervised. The football team needs new equipment. The present uniforms have been used four years and are beyond repair. I hope that the townspeople, as well as the parents will realize this

necessity and do all in their power to help provide for the upkeep of the sports and the protection of those who participate in them.

A group of appreciative mothers gave the football squad a splendid banquet at the close of the season. I considered it a splendid token of loyalty on the part of these mothers and I thank them as well as each of the many citizens who generously donated something to help make the affair a success.

This year the Seniors are earning money for the Washington Trip individually. This plan was decided upon because of the large number in the class. The plan is working quite satisfactorily. The profits from the Senior play, "Topsy Turvy," will be set aside for this trip. The mothers of the Junior class members will meet soon to determine whether they desire their children to attempt to go to Washington as a class. There seems to be a difference of opinion among parents as to the advisability of this trip after considering the effort it requires to stage it.

I wish to express my sincere appreciation to you for the assistance which you have given me during this past year. I thank you and the School Board for your guidance in helping me to mold better characters in the lives of the young people of Hamilton.

Respectfully submitted,

ROLAND W. PAYNE

# REPORT OF SCHOOL NURSE

To the Superintendent of Schools, Hamilton, Massachusetts.

# Dear Sir:

The following is a report of work done at the schools for the year ending December, 1934:

Total enrollment	422
Number of times school visited	235
Number sanitary inspections	75
Number classroom inspections	285
Number clerical work hours	163
Number home calls	297
Number first-aid dressings at schools	376
Number weighed and measured, all grades three times a	
year:	
Number 10% or more underweight	81
Result of eye and ear examination:	
Number defective eyes	20
Number defective ears	3
Ear examination incomplete at junior and senior high	school.
Previous to above examinations number eyes corrected	12
Number immunized against diphtheria in 1934	93
Total number immunized to date attending school	387
Number refusing immunization	36
Result of Chadwick clinic, all schools:	
Number having skin test (Von Pirquet)	1
Number reacting to test	1
Number X-rayed	9
Number having follow-up physical examination	12
Number reported cases—Hilum	2
The above cases are weighed every month.	

Result of physical examination	on by I	Dr. Corcoran, School Physician
	14 24	Corrected
	6 37	Under treatment 6
Cervical Adenitis	3	Corrected 3
Teeth:		
Number with dental certification	ficates	
Number receiving dental v		
_		al clinic throughout the schools
Contagious and communica	able di	seases reported:
Whooping cough 1	10	Impetigo
Ivy		Athlete's foot 1
Eczema	1	Scarlet fever 29
Measles	4	Mumps 7
Chicken pox	4	

Respectfully submitted,

FLORENCE L. STOBBART, R. N.,

School Nurse.

# HONOR LIST

The following pupils received no rank below A or B for the entire school year 1933-34:

#### JUNIOR-SENIOR HIGH

Edna Sprague Rita Walsh
Thelma Mann Irene Tree
Louise Moulton William King
Barbara Maxwell Myrtle Allen
Norman Neilson Isabelle Peale
Philip Keyser Alice Maddern
Dorothy Perkins Harold Day

#### ATTENDANCE

The following pupils were perfect in attendance at school during the year 1933-1934:

### ADELAIDE DODGE WALSH SCHOOL

#### Arlene Tucker

#### SOUTH SCHOOL

Robert Perkins

Walter Hopping

John Day

Eleanor Tobyne

Betty Dodge

Jane Perkins

Martha Cunningham

Barbara Johnson

Louise Moore

Millard Palm

Robert Tobyne

#### AGE OF ADMITTANCE

Pupils entering school in September must have been at least five years of age on April 1st preceding entrance in September.

#### VACCINATION

Children who have not been vaccinated will not be admitted to school in September unless they present a certificate from a regular practicing physician stating that they are not fit subjects for vaccination. Parents are requested to attend to this matter during the summer vacation, as certificates of vaccination or exemption must be presented at the opening of school to entitle children to admission.

# NO-SCHOOL SIGNAL

22—22 repeated at 7.30 a.m. means that there will be no school for the entire day.

22—22 repeated at 12.30 p.m. means there will be no school in the afternoon.
